Poor Antonio is getting overwhelmed by the fanwings. RIP new admin, 10:35 AM Feb 5 2016 - 4:17 PM PM Feb 5 2016. Drowned in a sea of replies, he will be missed (unless he resurrects)!

Book 2 Is exciting for Tsunami's perspective, for me she came out as a bit boring and one-dimensional in book 1 but you'll really love her in TLH. And the SeaWing council is full of quite interesting characters. The last part is full of some pretty shocking revelantions.

Book 3 is when everything really starts to come together in terms of what they've been hinting at for the last two books. Plus some great characters. There's Jambu and Mangrove and Kinkajou and Deathbringer, etc. And Glory's POV is also fun. You'll see exactly what she felt in the whole Scarlet scenario.

Book 4, well, some people think it's boring, but it's my personal favorite. There's no time spent for journeying or exposition or starting from a calm place and moving onward, it is just Starflight stuck in... a pretty miserable place (REDACTED)!. And there's also Fatespeaker, who "SEES THE FUTURE ALL THE TIME EVERYWHERE" and Morrowseer and his true intentions. Plus you get to find out the deal with the NightWing queen, and the alternate dragonets of destiny, and also the whole thing is setting up for a very dramatic confrontation, and Starflight is a great character for a POV!

Book 5... wel, if you thought Sunny was the pointless optimistic one, you're wrong. Sunny is my favorite character, and her adventure is very compelling, and there are some very cool SandWing characters like Smolder and Thorn. And scavengers. And of course, the conclusion to everything, and lots of characters getting cameos, and Sunny being determined to end the war at last despite everything...

Book 6: Well, it's a new arc, is starts out slow because it is introducing all of the characters, but it's not a problem because there's lots of mystery, and lots of old and new characters and setting up a bunch of plots, and DARKSTALKER, aka that voice in Moon's head! And by the end there is so much set up that you're just ready for the rest of this arc...

Book 7: This one is great. Again, if Winter just seems like generically mean and his "good side" doesn't seem believable, he's a very likable character here when seeing his POV (though defintitely not perfect)! And the interactions between the Jade Winglet dragons are wonderful! And you finally get to see the IceWing's very fascinating and intense society, plus a certain mysterious SkyWing. And RainWings also, plus the Talons of Peace!

Book 8: Peril's POV, again, much more interesting with the POV, and her interactions with Turtle is hilarious! PLus you find out a bit about Turtle. And then there's the awesome Ruby and the adorable Cliff, plus exactly who the Mysterious NightWing is. Just an overall great book. And then the cliffhanger at the end... the ridiculous cliffhanger...

And that's what there is so far, besides Winglets (which you should also read, they're great). And don't worry about what users are saying about a lot of deaths, almost no one really has died so far except for villains and minor characters and, well, Winglets 2 is pretty brutal (though you can certainly get attached to some of the villains, so I'll just say here they don't just all die). But Tui seems to suggest book 9 to change this, which is probably going to be the most intense book yet...

Hello, Antonio! (Love your name! So cool sounding! :D)

I am the Dragonwolf, and I'm really that one person who rambles on a lot. Mostly about Doctor Who. Or, currently, Undertale. The most advice I can give you is the same everyone else can give - BE EXTREMELY CAUTIOUS WHEN TALKING ABOUT SHIPS. Wars can start very easily over them. And, seeing as you are the new admin, hopefully you'll help prevent them before the forums go down in flames and then rise back up again like they always do. :-/

So, questions for you: Why is Sarah leaving (if you can say)? And what are your fandoms, on a completely unrelated note?

(mods please let this through...)

Meet Admin Antonio!!

sapphiredragon2451

Hi!!!! I'm very happy to have a new Admin on here. Antonio, I'm Sapphire, or Victoria, as most people know me as... It's in my siggy! We're all happy to have new people on, and a new Admin is like, BOOM! YOUR WHOLE PERSPECTIVE HAS CHANGED!!! Anyway, just feel free to ask for help, and stuff. D: But Sarah is leaving

And and you're a Sand/Mud hybrid? Yes, you're a hybrid... :o I'm a hybrid too!!! Only I'm Sand/Ice. My favorite character is Glory, and my second fav is Clay. Now I will do a skit with my OCs on my favorite parts in the series...

Me: "Uh, Spider you be Starflight, Storm you be Tsunami, and Glaze you be Glory."
Spider: "Eh hehem. There's a tree, in the forest."
Glaze: "THERE'S A *TREE,* IN THE *FOREST*?!?"
Storm: "Glory, now is not the time to be sarcastic.
Spider: "A fallen down one, I mean."
Me: "Ok good job!"
XD
Me: "Ok next one!"
Storm: "We dnot have to kill him. We'll tie him up and leave him here."
Glaze: "Great, how about a trail of cow parts too? And a map of where we're going. Or perhaps we could set half the forest on fire, just to make *sure* everyone knows how to find us. Or would you like me to spell out 'DRAGONETS WUZ HERE' IN GIANT ROCKS?"
Storm: "Whoa you actually memorized that whole thing?!?! Victoria just wanted you to do the basics."
Glaze: "Yeah, I had the time."
Me: ':o'

And if you recognize that, it's from page 16 of the *Lost Heir.* Although Glaze and Storm are IceWings, their personalities are both like Glory's and Tsunami's...

Ok. First things first. You will see and 'hear' the words OC, PoV, Rp, and OP a lot.
- OC means Original Character, or Own Character. It's something you make up. My WoF OCs are freaking out...
- PoV means or stands for Point of View
- RP stands for Role Play, which is like a a game, or play, without memorizing words.
- OP stands for Over Powered, which is used in Role Playing, and mot people don't like other people to have OP characters.

Paradise: "OH MY GOSH!!! THERE'S A NEW ADMIN!!!!" :O

Me: "Ok, that's Paradise, one of my RainWing OCs."
Paradise: "AND HIS NAME IS ANTONIO!!!!" :O
Me: "Yes, Paradise."
Dream: "Aw, but I liked Sarah..."
Lagoon: "Yeah..." eyes fill with tears
Me: "We'll all miss Sarah..."
Vibrance: "Antonio is the new admin..."
Me: "I know. And I bet he'll be awesomesause too."
Lagoon: "That was Sarah's favorite word..."
Me: "Yeah... C'mon guys, you should be happy we have a new Admin!!"
Paradise: "And that his name is Antonio!!! Gosh that's fun to say..." *goes off saying Antonio*
Scorch: "And he's a dude!!"
Me: "That's typical."

Sorry I could go on all day making my OCs have conversations.... Lol.... I should be quiet now....
~goodbye Sarah~ (Lagoon is crying under my bed right now, and Paradise is going off saying Antonio)

Aw, Sarah, we'll all miss you! Come back soon!

Hi Admin Antonio! As it says in my signature, you can call me Riptide. Like the SeaWing from Book 2... heheh! I am an ultimate FanWing and spend hours staring at the WONDERFUL signature of Tui T. Sutherland written in FABULOUS golden ink that even has my AMAZING name in it and an EPIC message from Tui in my AWESOME copy of the most PERFECT Wings of Fire book, Escaping Peril, or Book 8! I can't wait for Book 9- can you? Or Winglets #3? Or the first Super Edition? I'M SO EXCITED! I spend all my free time on the Forums, so you'll see me a lot. I am a PROUD member/creator of RPs and reader/writer of Wings of Fire Fanfictions. How many books have you read? Also, I'm a SeaWing/IceWing hybrid, but if I had to chose one I'd be a SeaWing. Be warned, I ramble. A LOT. So I could keep blabbering on and on and on about how GLORIOUS the Wings of Fire MB is and how FRIENDLY the other FanWings are, but I'll stop now in case you get annoyed. Hope to see you around!
